Manor House Racing Club

Tom Dascombe & Michael Owen

The trainer

TOM Dascombe has already overseen Manor House Stables' transformation into one of the largest and most talked-about flat racing yards around.

But that's not enough for the 38-year-old whose ambition is to make the yard the most successful in the country.

Since he began training just six years ago, Tom

has sent out the winners of more than 220 races and in excess of £1.7m.

The 2011 season was his best yet with both Rhythm Of Light and Brown Panther winning at Royal Ascot and the former going on to finish a fine second in the St Leger.

The 2012 season looks certain to be every bit as exciting.

SEVEN-times winner Brouhaha flies the flag for the Manor House Racing Club.

The admirably brave and consistent gelding, who is a firm favourite with everyone at the yard, has been in fine form of late - winning at Haydock in September and finishing a close second at Wolverhampton in November.

As membership levels increase the club will lease a

second horse to run in its colours.

Members will qualify for owners' badges whenever any of the club's horses are in action, as well as a share of any prize money they earn.

The horses

Be a part of it for the 2012 season!

MICHAEL Owen and Andrew Black's investment in Manor House Stables has produced some of the best training facilities to be found anywhere.

The new equine swimming pool and veterinary

centre represent the icing on the proverbial cake.

In addition to these state-of-the-art facilities, Manor House Stables also boasts an idyllic location, just 15 miles from Chester, and a luxurious owners' lounge making it a great place to visit.

The yard

Members can arrange visits throughout the year and are encouraged to come to the yard to see the horses, get the gossip from the gallops and meet Tom, Michael and the team.
